Avia Masters is an online gambling establishment game developed within the popular "crash" and "multiplier" categories. Unlike standard slots that rely totally on established paylines and fixed symbol mixes, Avia Masters puts the player in control of a virtual airplane's journey.

The core property is straightforward: an airplane removes, and as it climbs higher into the stratosphere, a multiplier coefficient increases in real-time. The primary goal for the player is to cash out their jackpots before the plane inevitably crashes, flies away, or suffers an in-game malfunction. If the gamer cashes out in time, they win their preliminary stake increased by the existing coefficient. If the airplane crashes before they cash out, the bet is lost.
