Pragmatic Play, renowned for its iconic *Big Bass* fishing-themed slot series, shocked the market by merging this high-octane mechanic with their cherished fishing aesthetics. The result? **Big Bass Crash**.

What is Big Bass Crash?

Big Bass Crash is an online casino game established by Pragmatic Play. Unlike standard slots that count on spinning reels and paylines, Big Bass Crash belongs to the "burst" or "crash" video game category.

In this game, gamers put a wager before a round starts. As soon as the round starts, a fisherman sets sail in his boat, and a multiplier begins to tick up from 1.00 x. The objective is simple yet stressful: cash out your jackpots before the boat crashes (in this case, before the net breaks or the fish gets away). If you squander in time, you win your stake increased by the existing worth. If you hang on too long and the crash occurs, your bet is lost.
