Choosing the Right Dumpster Size: 10, 15, or 20 Yards?

Picking the right dumpster size is essential so you don't overpay or run out of space. Here's a quick primer to help you understand which size fits your project:

Dumpster Size	Typical Uses	Approximate Volume
10 Yard Dumpster	Small remodels, roofing projects, garage cleanouts	About the size of a small pickup truck bed
15 Yard Dumpster	Medium home renovations, siding or drywall removal	1.5-2 pickup truck beds in volume
20 Yard Dumpster	Larger construction projects, major cleanouts, roofing	Approximate size of a large pickup truck bed or small truck trailer

The D.E.M.M. Dumpsters customer service team can help you decide which size is best for your job. If you're close to the tipping point between sizes, consider the 15-yard dumpster to avoid multiple pickups.

Pricing Examples from D.E.M.M. DUMPSTERS LLC

Here's a straightforward example for their 10-yard dumpster pricing, which reflects their transparent, all-inclusive approach:
