2. Players place a couple of bets before the round begins.

4. If a player cashes out successfully, they win their stake increased by the present coefficient. If the plane flies away ("crashes") before they cash out, they lose their bet.

- **Goal:** Mitigate losses while keeping the door open for a considerable payout.

3. Bankroll Management Rules

- **Set a Budget:** Decide ahead of time just how much cash you want to spend and adhere to it. Never chase after losses by depositing more than you can pay for to lose.
- **Use the Demo Mode:** Most Kenyan platforms provide a practice or demonstration mode. Use this to familiarize yourself with the game mechanics without risking genuine money.
- **Treat it as Entertainment:** Remember that online casino video games are developed for entertainment, not as a reliable source of income.
